Circle every 1 you can find.

Great job! ★ Wipe it clean & try again!

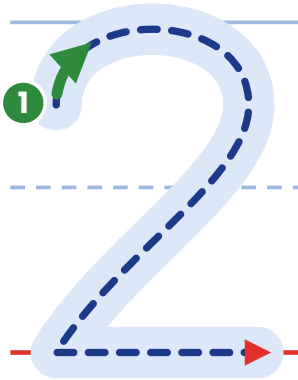

Can you help me learn the number 2?

Trace it, count it, find it, then wipe & play again!

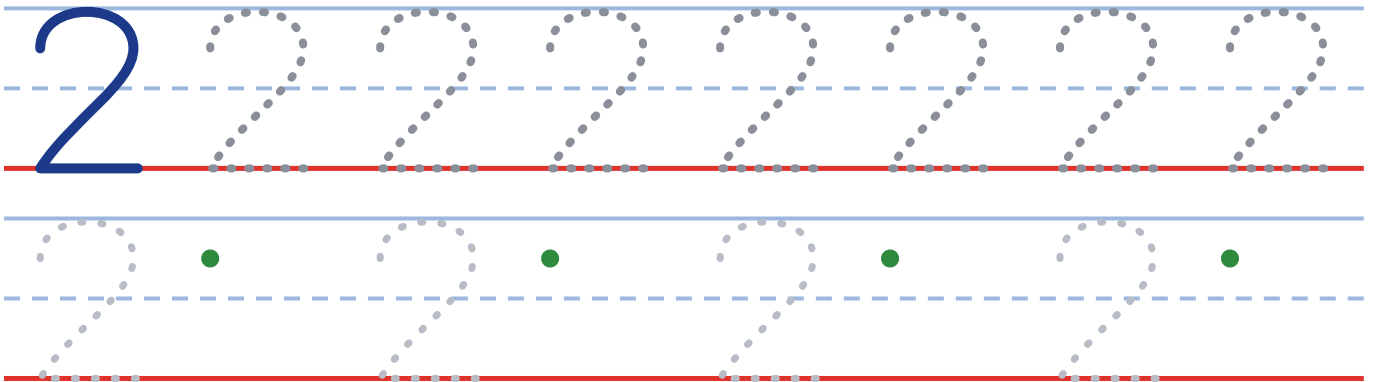

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

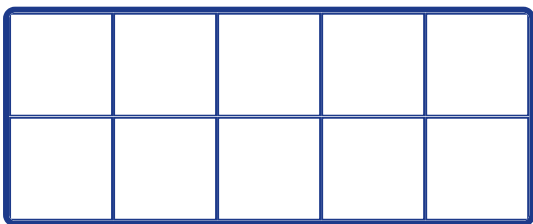

2 is two

2 WRITE THE NUMBER 2 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

Color 2 boxes. Count as you go!

4 FIND 2

Circle every 2 you can find.

Great job! ★ Wipe it clean & try again!

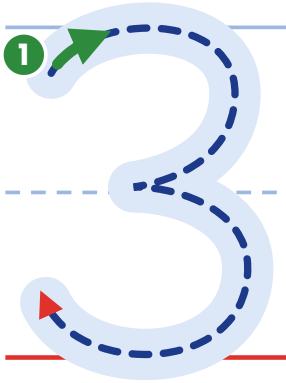

Can you help me learn the number 3?

Trace it, count it, find it, then wipe & play again!

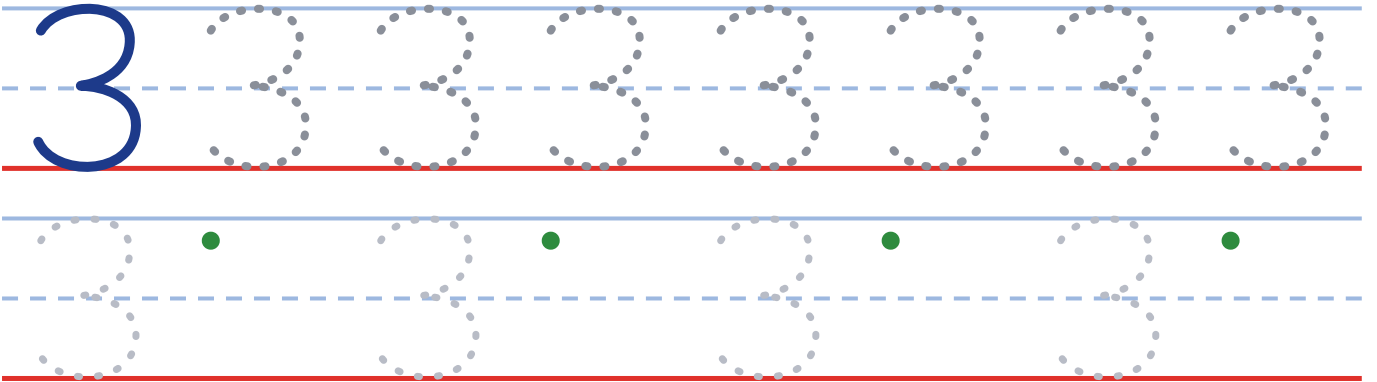

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

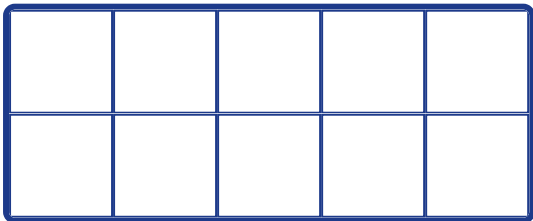

3 is **three**

2 WRITE THE NUMBER 3 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

Color 3 boxes. Count as you go!

4 FIND 3

Circle every 3 you can find.

Great job! ★ Wipe it clean & try again!

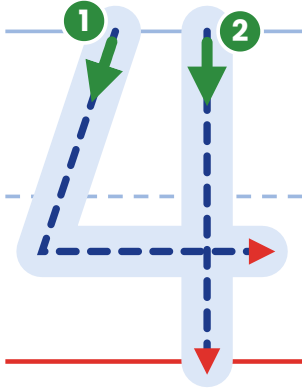

Can you help me learn the number 4?

Trace it, count it, find it, then wipe & play again!

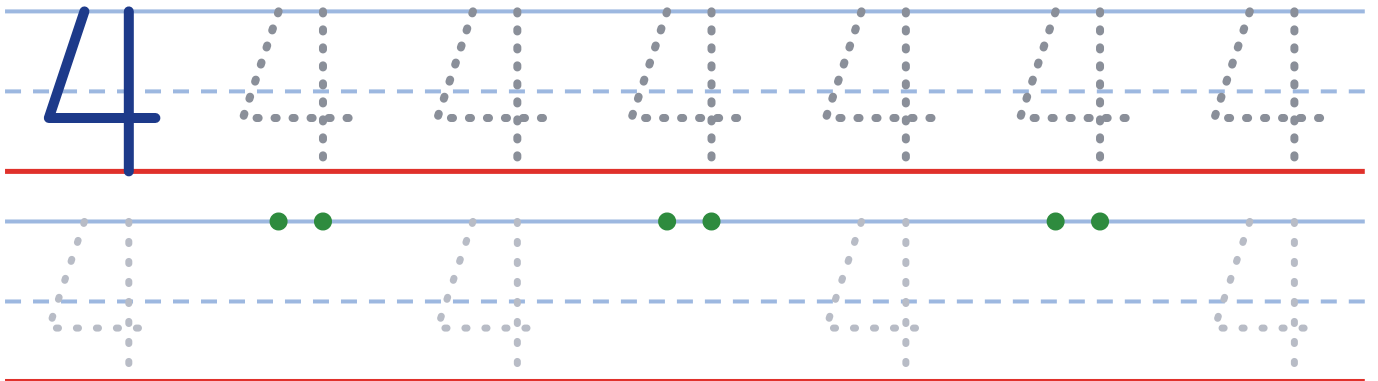

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

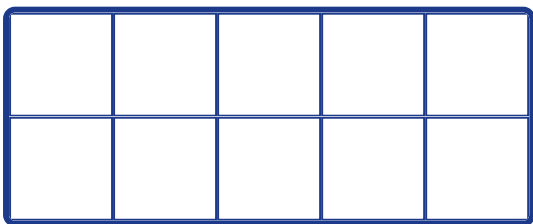

4 is **four**

2 WRITE THE NUMBER 4 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

Color 4 boxes. Count as you go!

4 FIND 4

Circle every 4 you can find.

Great job! ★ Wipe it clean & try again!

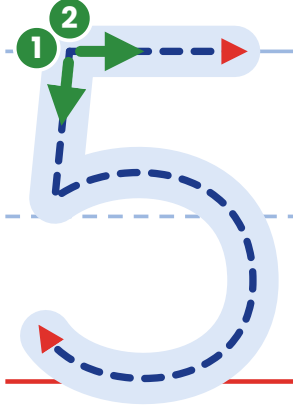

Can you help me learn the number 5?

Trace it, count it, find it, then wipe & play again!

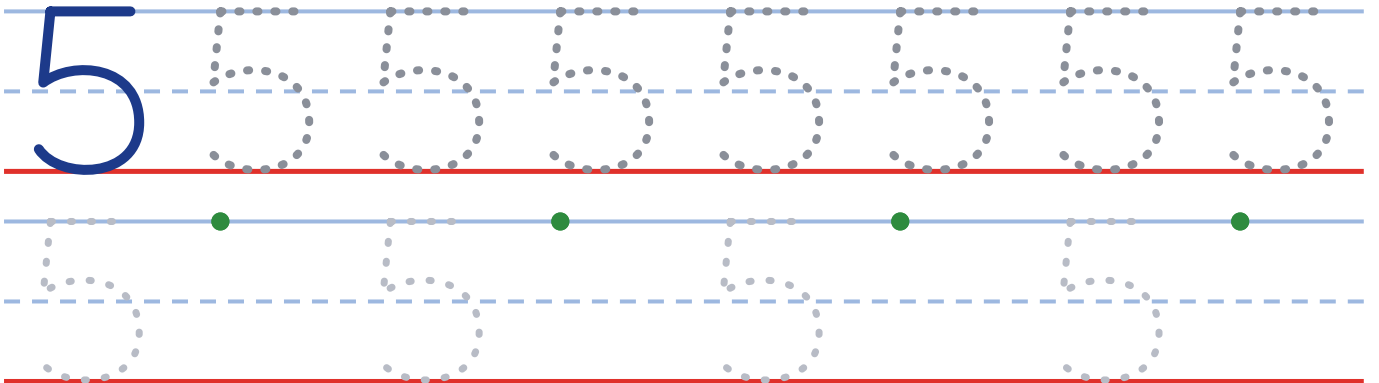

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

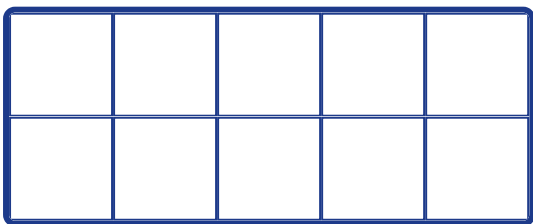

5 is five

2 WRITE THE NUMBER 5 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

Color 5 boxes. Count as you go!

4 FIND 5

Circle every 5 you can find.

Great job! ★ Wipe it clean & try again!

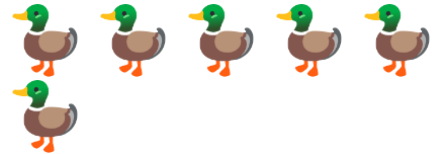

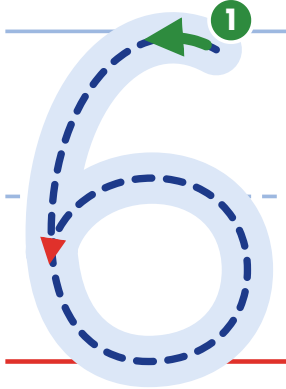

Can you help me learn the number 6?

Trace it, count it, find it, then wipe & play again!

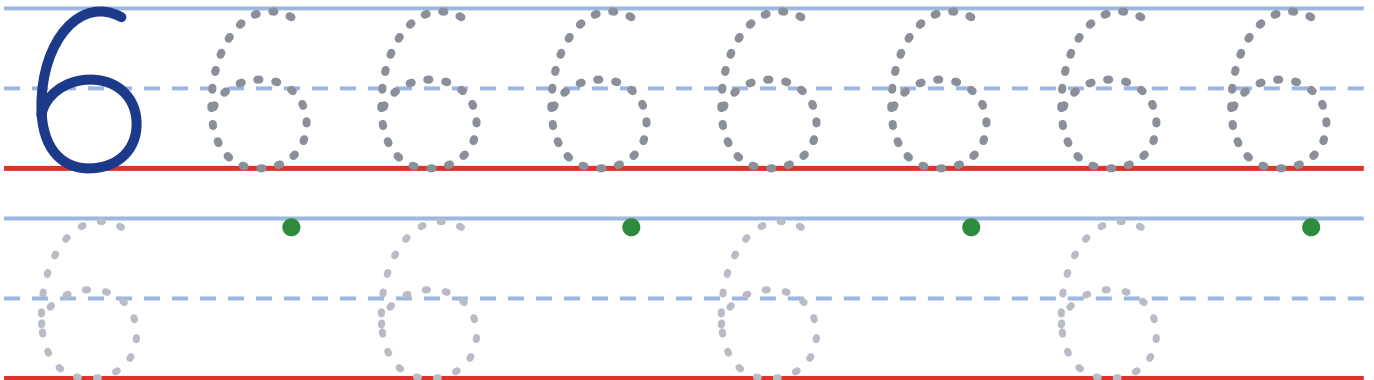

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

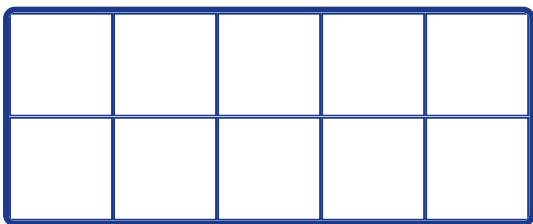

6 is six

2 WRITE THE NUMBER 6 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

Color 6 boxes. Count as you go!

4 FIND 6

Circle every 6 you can find.

Great job! ★ Wipe it clean & try again!

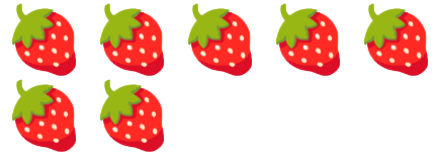

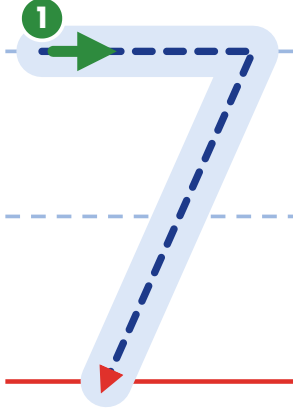

Can you help me learn the number 7?

Trace it, count it, find it, then wipe & play again!

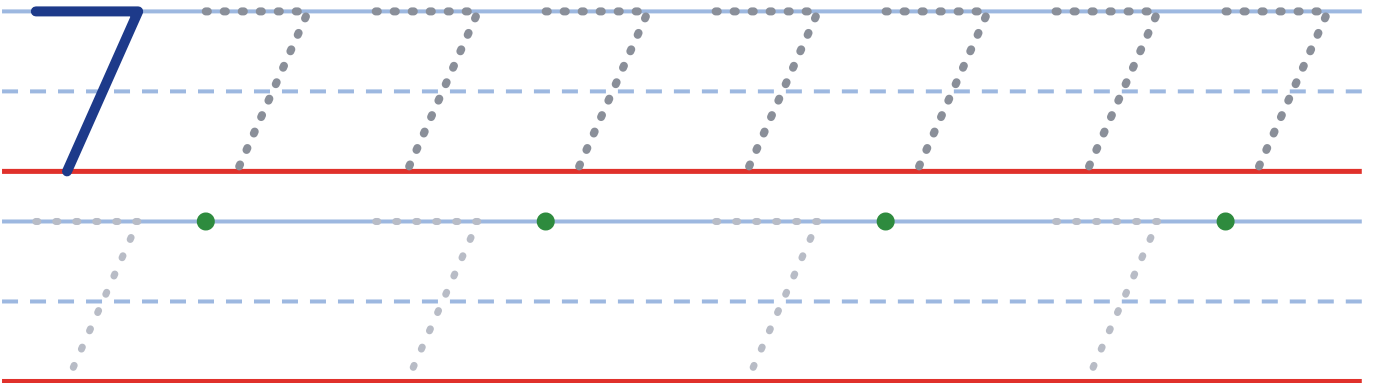

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

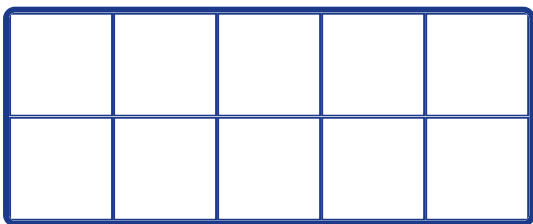

7 is seven

2 WRITE THE NUMBER 7 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

Color 7 boxes. Count as you go!

4 FIND 7

Circle every 7 you can find.

Great job! ★ Wipe it clean & try again!

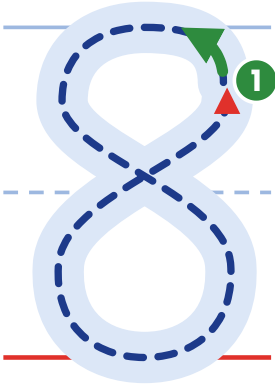

Can you help me learn the number 8?

Trace it, count it, find it, then wipe & play again!

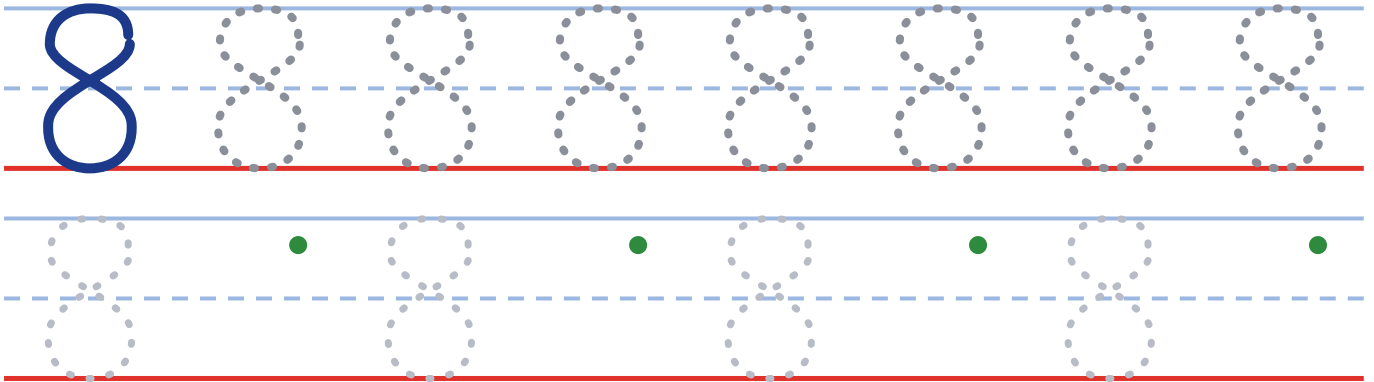

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

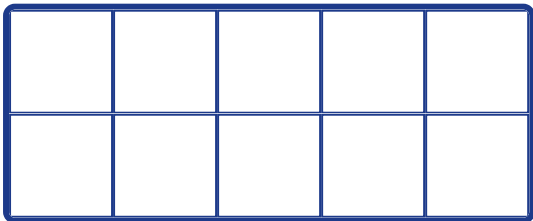

8 is eight

2 WRITE THE NUMBER 8 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

Color 8 boxes. Count as you go!

4 FIND 8

Circle every 8 you can find.

Great job! ★ Wipe it clean & try again!

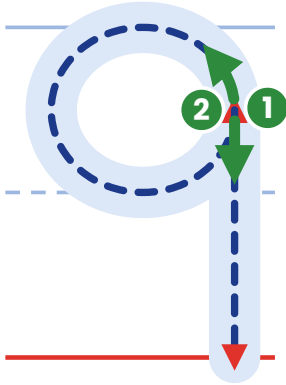

Can you help me learn the number 9?

Trace it, count it, find it, then wipe & play again!

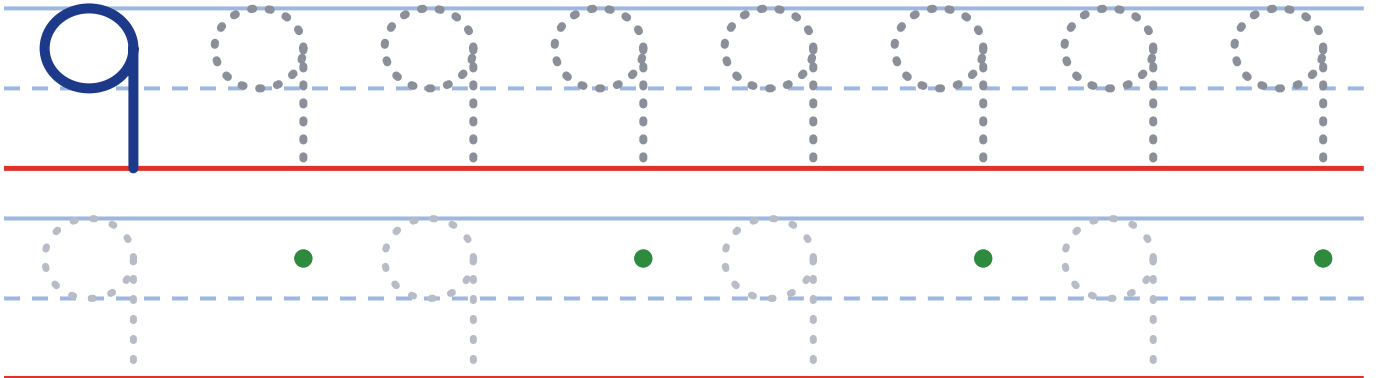

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

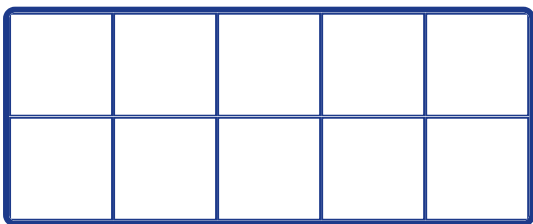

9 is nine

2 WRITE THE NUMBER 9 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

Color 9 boxes. Count as you go!

4 FIND 9

Circle every 9 you can find.

Great job! ★ Wipe it clean & try again!

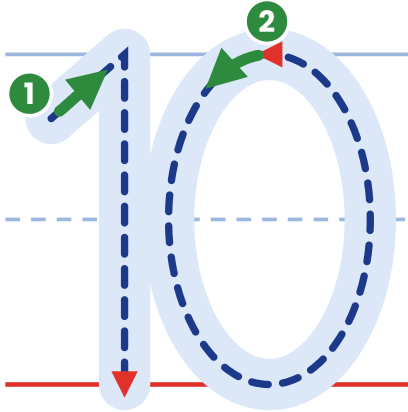

Can you help me learn the number 10?

Trace it, count it, find it, then wipe & play again!

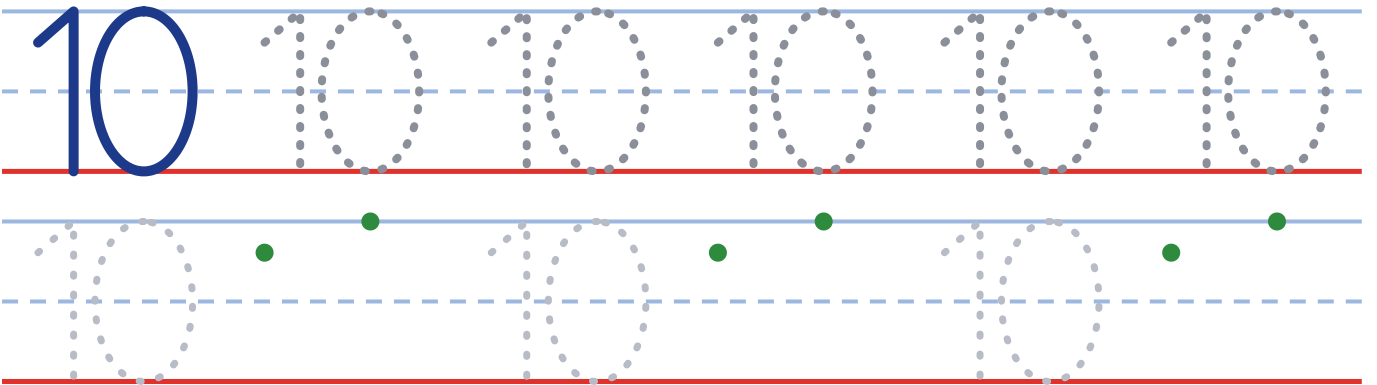

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

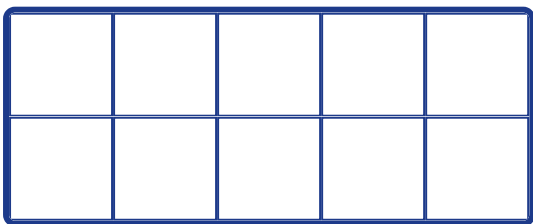

10 is **ten**

2 WRITE THE NUMBER 10 Copy the first one, trace the dots, then start at the green dot.

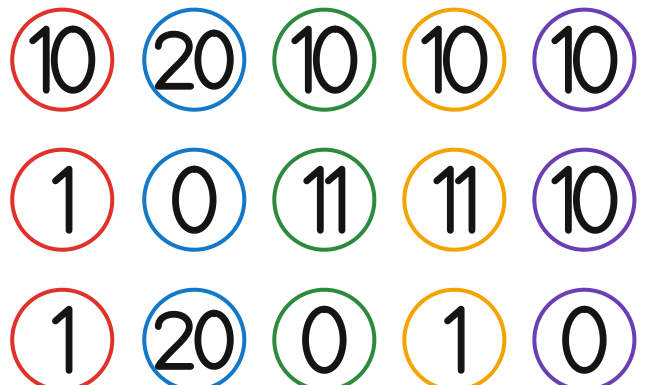

3 COUNT & COLOR

Color 10 boxes. Count as you go!

4 FIND 10

Circle every 10 you can find.

Great job! ★ Wipe it clean & try again!

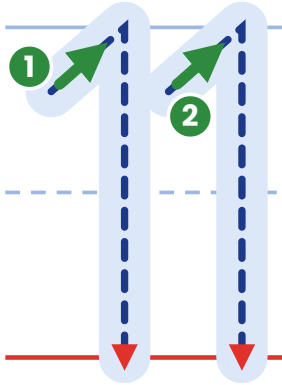

Can you help me learn the number 11?

Trace it, count it, find it, then wipe & play again!

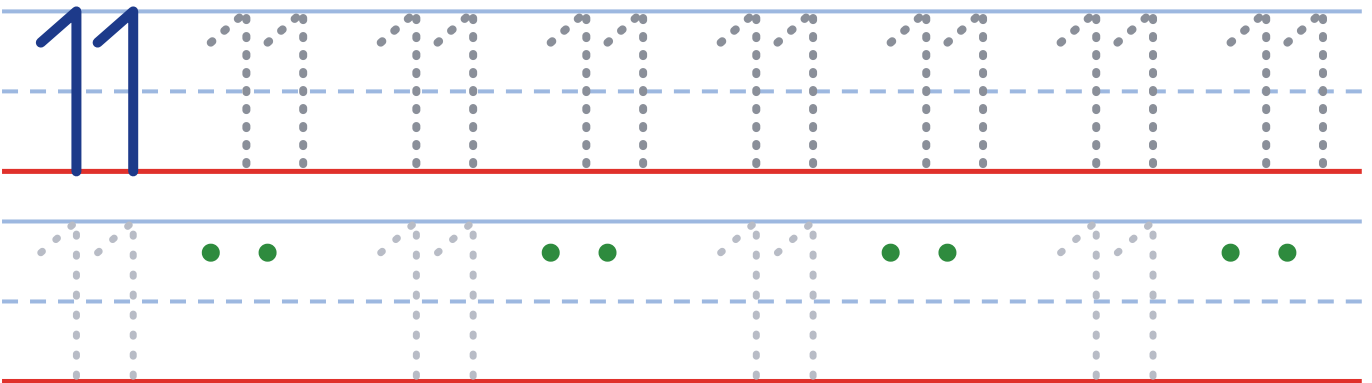

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

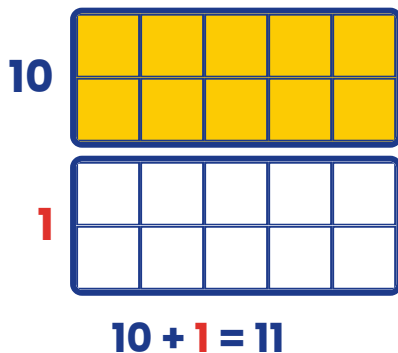

11 is eleven

2 WRITE THE NUMBER 11 Copy the first one, trace the dots, then start at the green dot.

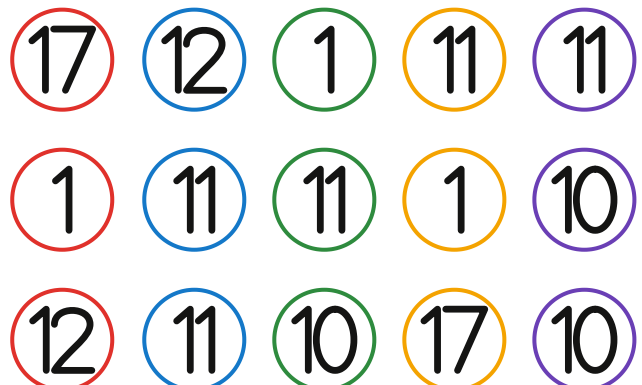

3 COUNT & COLOR

The first 10 are done! Color 1 more box.

4 FIND 11

Circle every 11 you can find.

Great job! ★ Wipe it clean & try again!

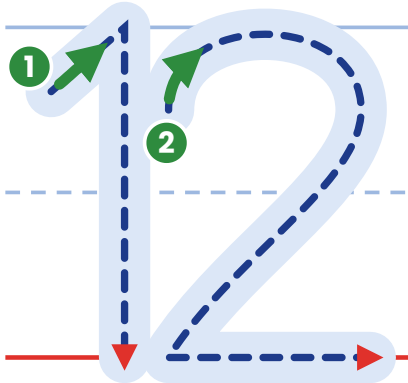

Can you help me learn the number 12?

Trace it, count it, find it, then wipe & play again!

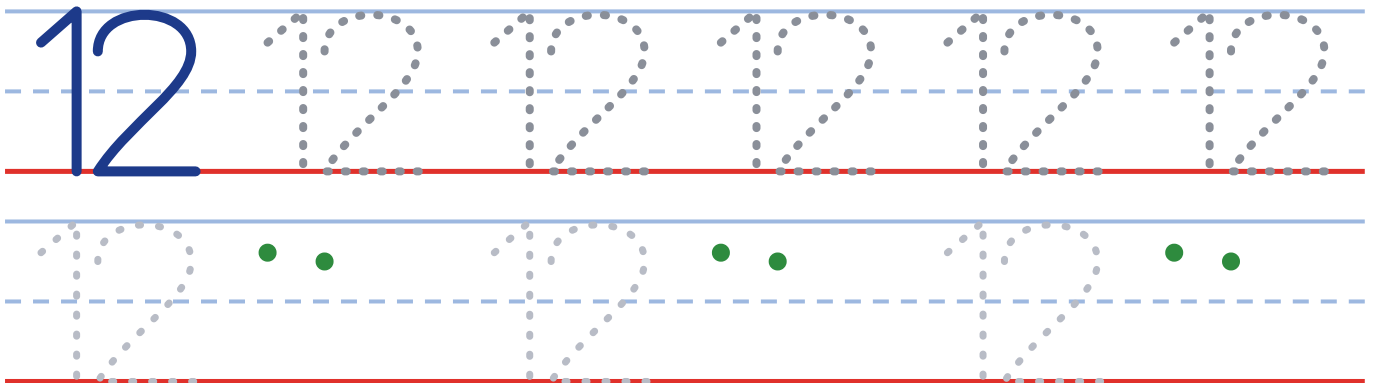

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

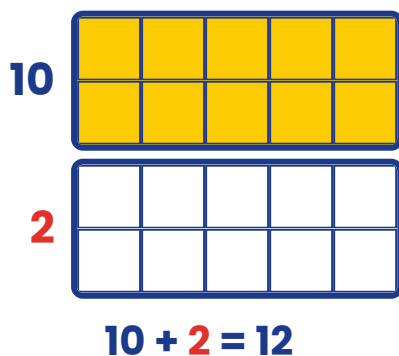

12 is **twelve**

2 WRITE THE NUMBER 12 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

The first 10 are done! Color 2 more boxes.

4 FIND 12

Circle every 12 you can find.

Great job! ★ Wipe it clean & try again!

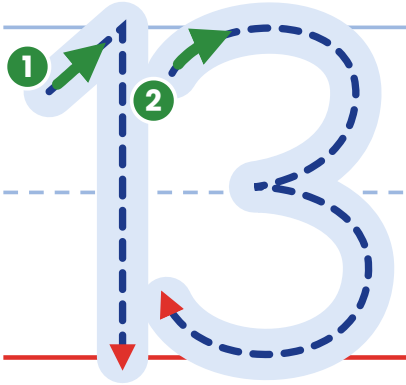

Can you help me learn the number 13?

Trace it, count it, find it, then wipe & play again!

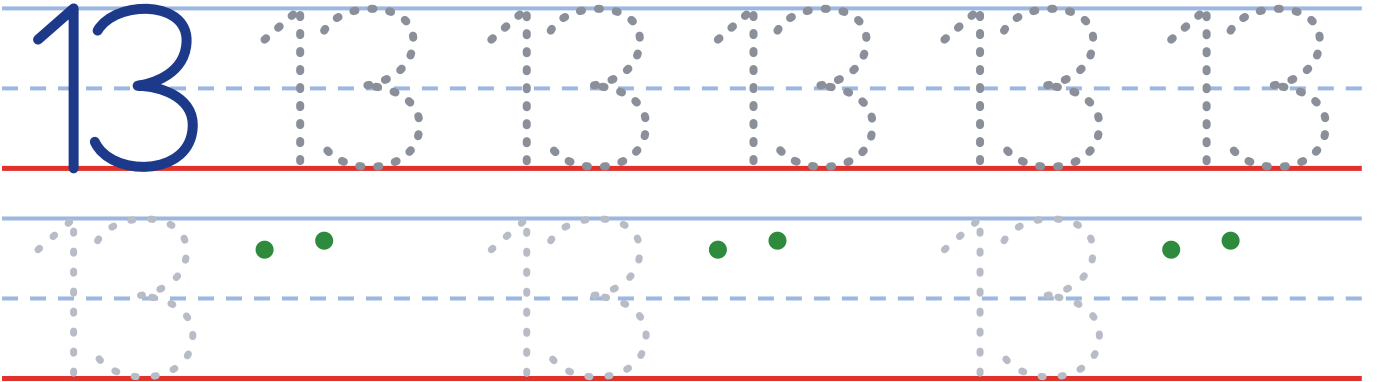

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

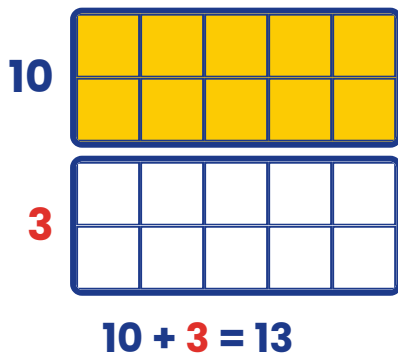

13 is **thirteen**

2 WRITE THE NUMBER 13 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

The first 10 are done! Color 3 more boxes.

4 FIND 13

Circle every 13 you can find.

Great job! ★ Wipe it clean & try again!

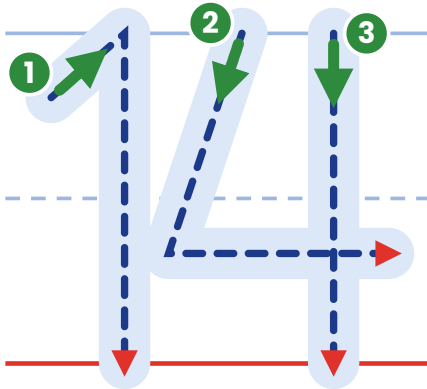

Can you help me learn the number 14?

Trace it, count it, find it, then wipe & play again!

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

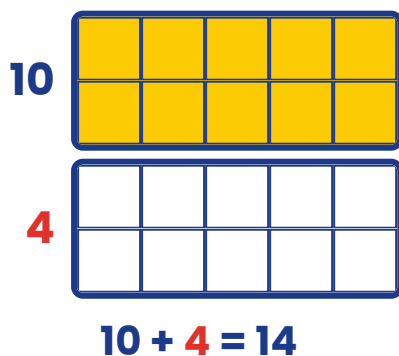

14 is fourteen

2 WRITE THE NUMBER 14 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

The first 10 are done! Color 4 more boxes.

4 FIND 14

Circle every 14 you can find.

Great job! ★ Wipe it clean & try again!

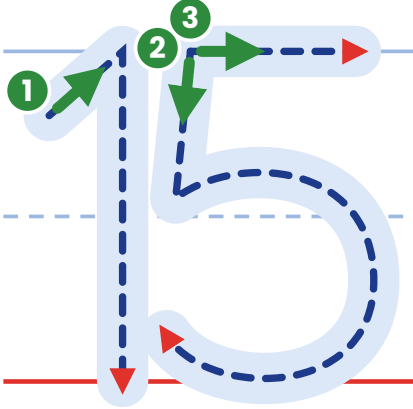

Can you help me learn the number 15?

Trace it, count it, find it, then wipe & play again!

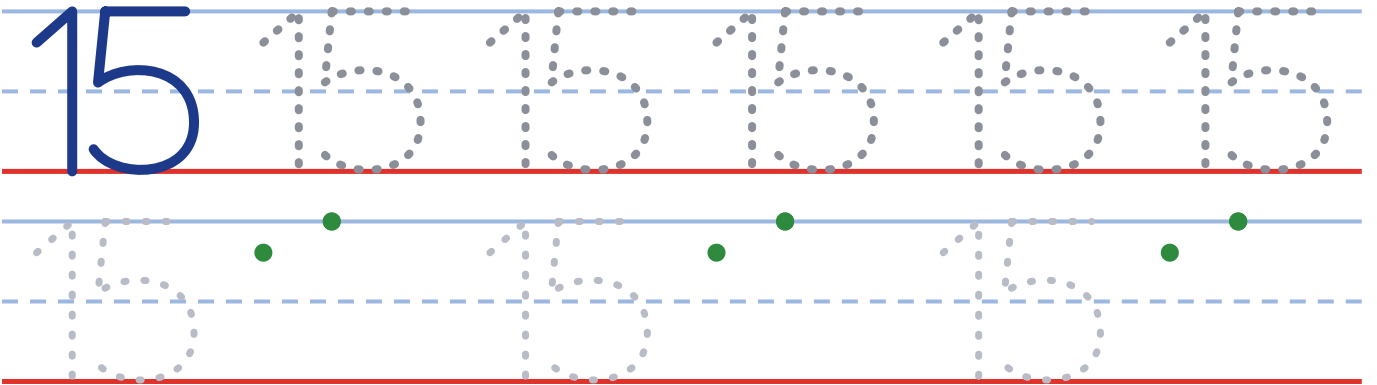

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

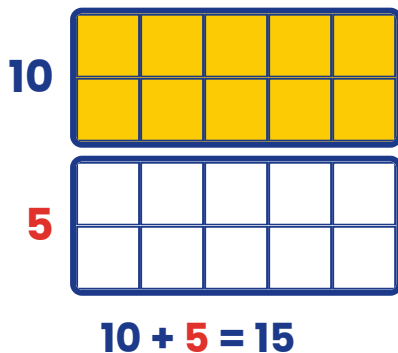

15 is **fifteen**

2 WRITE THE NUMBER 15 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

The first 10 are done! Color 5 more boxes.

4 FIND 15

Circle every 15 you can find.

Great job! ★ Wipe it clean & try again!

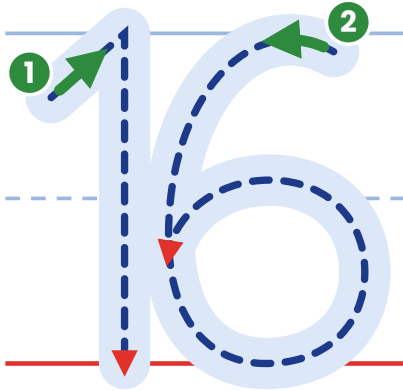

Can you help me learn the number 16?

Trace it, count it, find it, then wipe & play again!

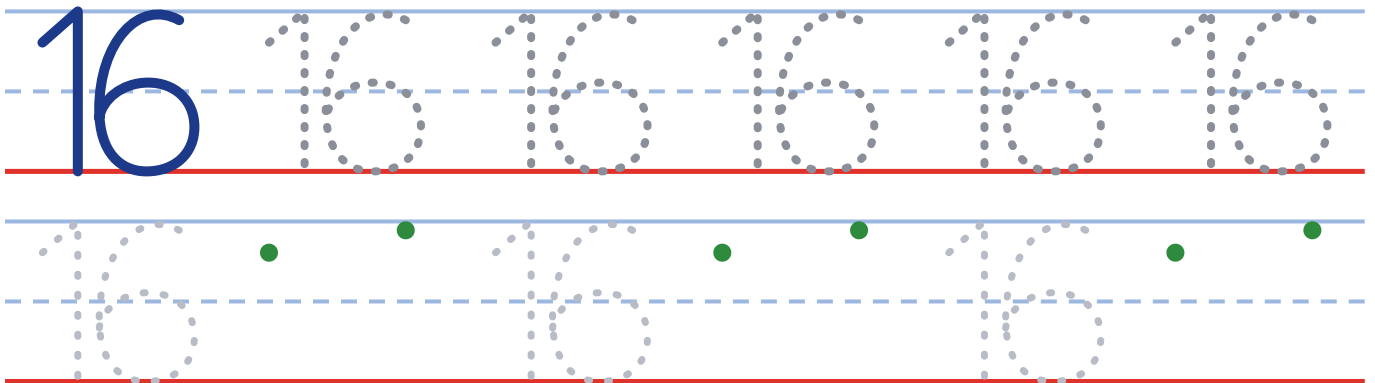

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

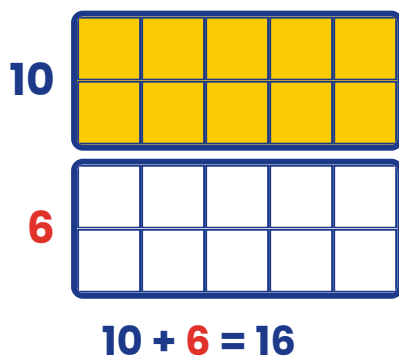

16 is sixteen

2 WRITE THE NUMBER 16 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

The first 10 are done! Color 6 more boxes.

4 FIND 16

Circle every 16 you can find.

Great job! ★ Wipe it clean & try again!

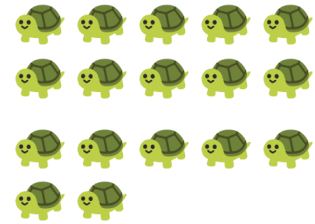

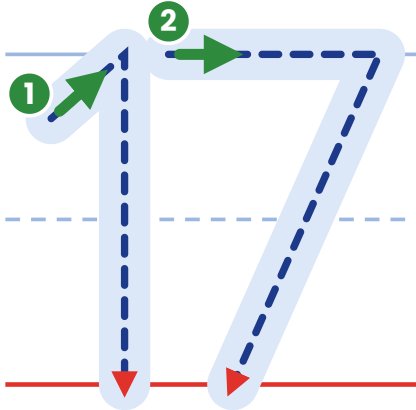

Can you help me learn the number 17?

Trace it, count it, find it, then wipe & play again!

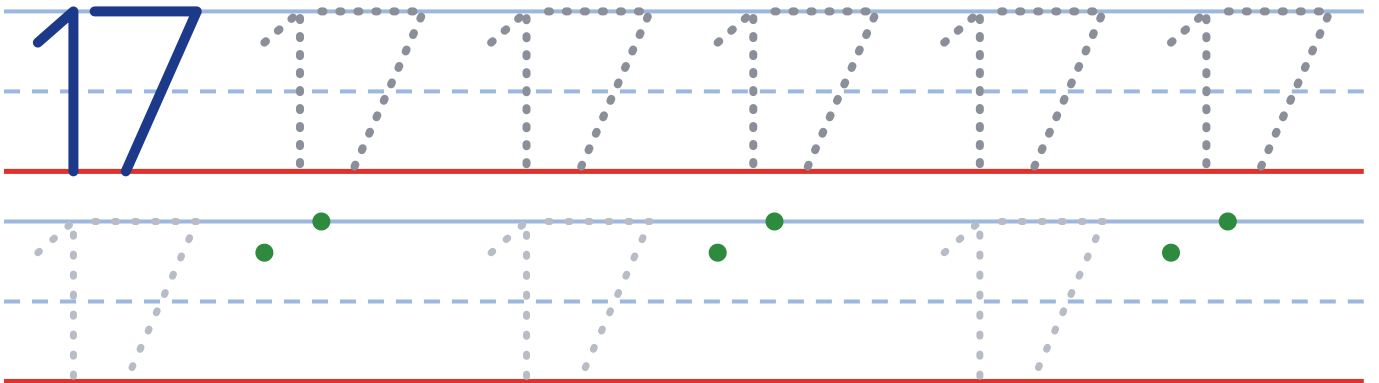

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

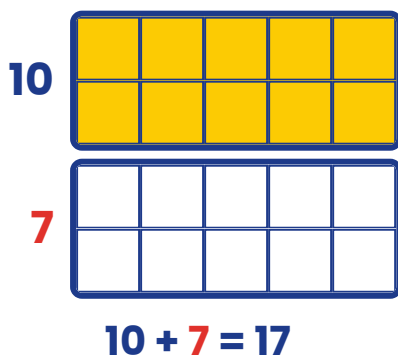

17 is **seventeen**

2 WRITE THE NUMBER 17 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

The first 10 are done! Color 7 more boxes.

4 FIND 17

Circle every 17 you can find.

Great job! ★ Wipe it clean & try again!

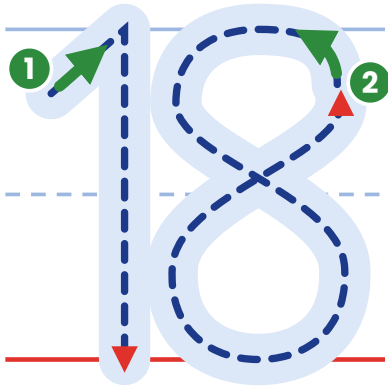

Can you help me learn the number 18?

Trace it, count it, find it, then wipe & play again!

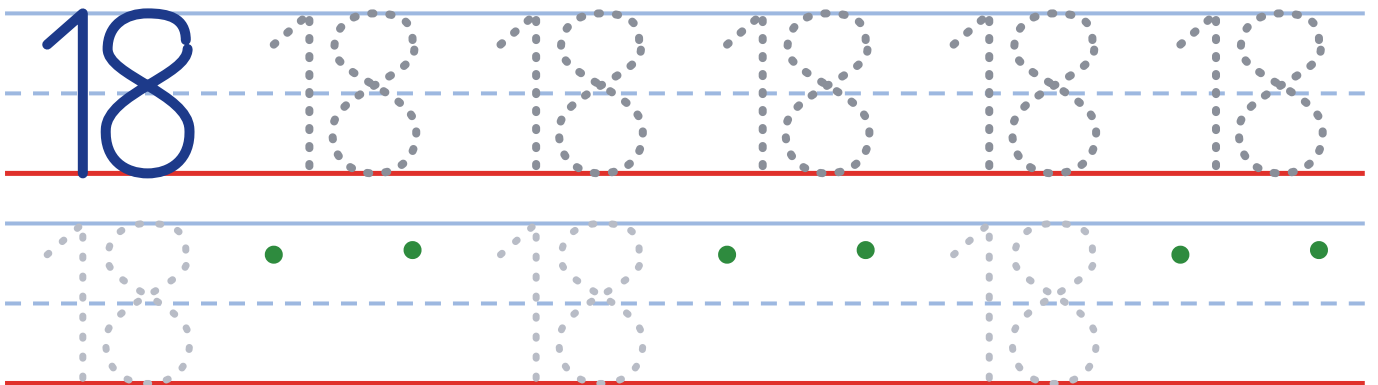

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

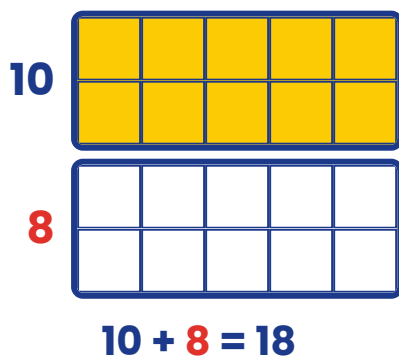

18 is eighteen

2 WRITE THE NUMBER 18 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

The first 10 are done! Color 8 more boxes.

4 FIND 18

Circle every 18 you can find.

Great job! ★ Wipe it clean & try again!

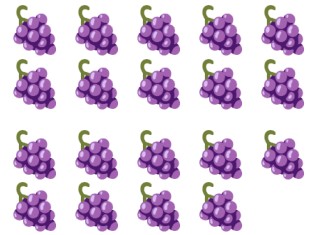

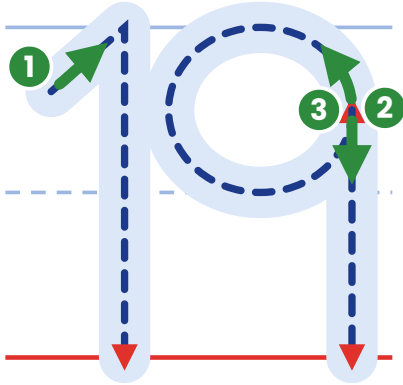

Can you help me learn the number 19?

Trace it, count it, find it, then wipe & play again!

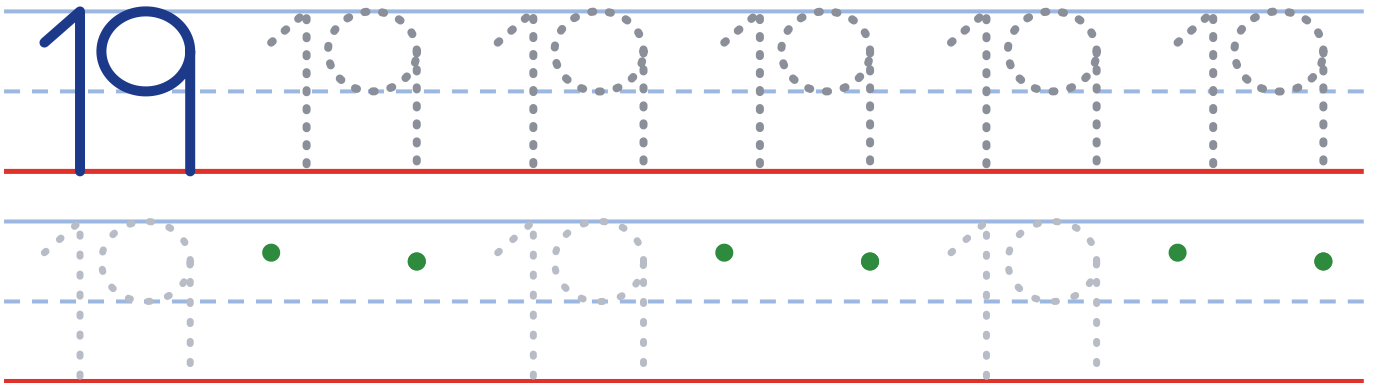

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

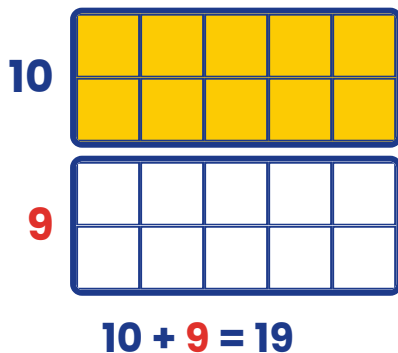

19 is **nineteen**

2 WRITE THE NUMBER 19 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

The first 10 are done! Color 9 more boxes.

4 FIND 19

Circle every 19 you can find.

Great job! ★ Wipe it clean & try again!

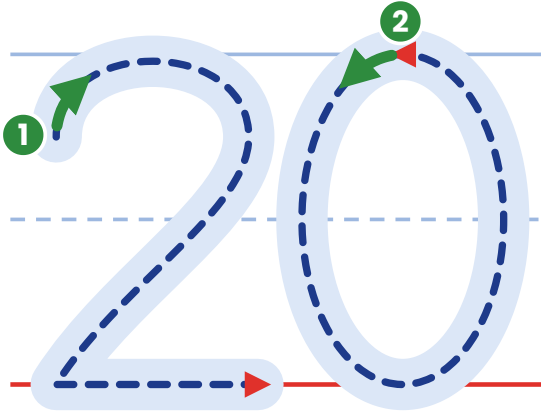

Can you help me learn the number 20?

Trace it, count it, find it, then wipe & play again!

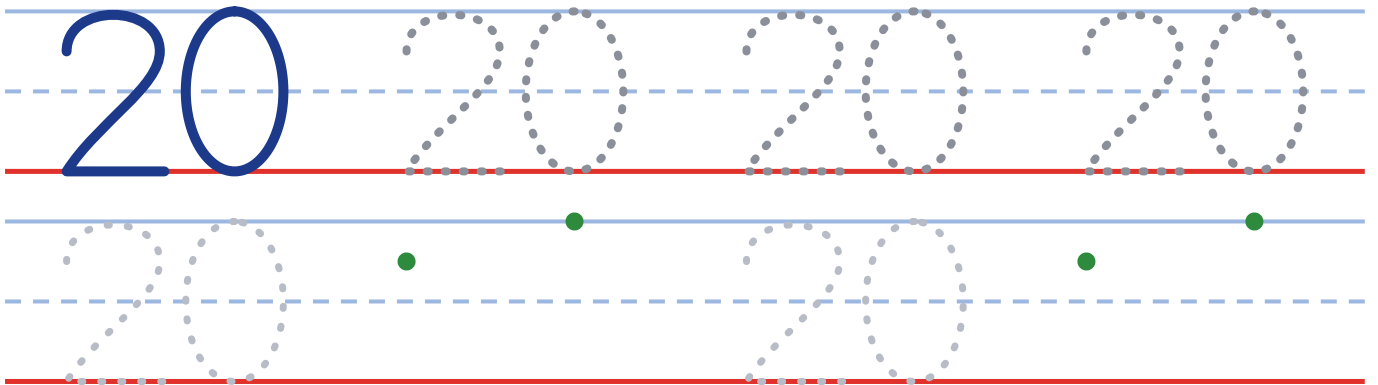

1 TRACE THE BIG NUMBER Start at the green number, follow the arrow.

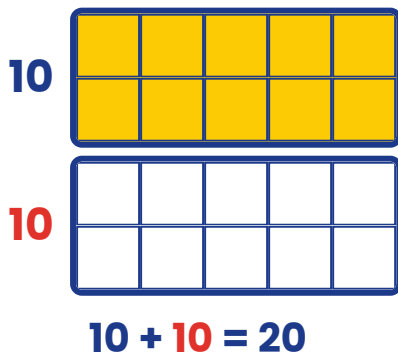

20 is **twenty**

2 WRITE THE NUMBER 20 Copy the first one, trace the dots, then start at the green dot.

3 COUNT & COLOR

The first 10 are done! Color **10** more boxes.

4 FIND 20

Circle every **20** you can find.

Great job! ★ Wipe it clean & try again!
